NOTES FROM YOUR PRESIDENT

As you can see we are trying out a new monthly information format; one similar to the one that Rusticus and Rye have been using, in hopes that it will reduce the amount of paper flowing into our houses, and make keeping track of Garden Club events easier.

The Bulletin will have concise minutes from the previous month's executive meeting, notes from committees, reminders, Bloomers tips, interesting web site info, address and membership changes, and Zone and G.C.A. announcements. Flyers (within reason!) may be included in the monthly mailing for committee purposes. We'll still have our Clipboard circulating for other community organization notices and handouts will still be made at meetings. Our historian will occasionally put in timely notes about our interesting and often amusing past.

All information to be included **MUST** be mailed, faxed, etc. to Varner Redmon by the 25th of the month. The newsletter *will be posted for receipt by the first at the following month, so try to be timely if you want to be in it.*

J. Amstd Report

Summer! It's our season to be outdoors. Rain or shine... so here we are absent from the monthly meeting.

BUT the badgirls of J.J. Amstd are happy to report that the Apple trees are pruned the Paths are weeded the Privet hedge is tended the gardens are flourishing and will be at their best in September.

Anne's big complaint is about grass clippings in the beds & the fountain but I think she's making progress

Mine is best said by Rudyard Kipling

"Our ENGLAND is a garden, and such gardens are not made.

By singing "Oh how beautiful" and sitting in the shade."

Where are the Volunteers?
